

## **STRAW FLAG** *Used to decorate straws and can be used as name tags*

**Suggested Paper Stock:** Regular text weight paper is easier to wrap. Glossy stock typically gives the best print outcome.

**Supplies Needed:** scissors or knife and ruler, double-sided tape

- 1) Print as many as you may need.
- 2) Cut out shape following dotted lines.
- 3) On the backside of the wrap, apply a piece of double-sided tape to the centre of the flag at least 1.5" long.
- 4) Partially wrap the flag around the top of the straw, without pressing firm the tape just yet. Line up the pointed ends of the flag, then press tape firm to stick.
